

**REALNORTH OPPORTUNITIES FUND**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**PERIOD ENDED MARCH 31, 2018**  
**DATED: MAY 30, 2018**

---

**1. BASIS OF PRESENTATION**

The following management's discussion and analysis ("MD&A") of the financial condition and results of operations prepared on May 30, 2018 should be read together with the Trust's audited consolidated financial statements and notes thereto for the period ended December 31, 2017 and unaudited condensed interim consolidated financial statements and notes thereto for the period ended March 31, 2018. All financial information is reported in Canadian dollars and in accordance with IFRS unless otherwise noted.

REALnorth Opportunities Fund (the "Trust") uses International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB"), as its basis of financial reporting for the unaudited condensed interim consolidated financial statements for the period ended March 31, 2018.

**2. FORWARD-LOOKING DISCLAIMER**

Certain information in this MD&A contains forward-looking information within the meaning of applicable securities laws (also known as forward-looking statements) including, without limitation, statements made or implied under the headings "Liquidity", "Capital Resources", "Risks and Uncertainties", "Performance Summary", "Selected Historical Information" and "Future Accounting Policy Changes" relating to the Trust's objectives, strategies to achieve those objectives, beliefs, plans, estimates, projections and intentions; and similar statements concerning anticipated future events, results, circumstances, performance or expectations that are not historical facts. Forward-looking statements generally can be identified by words such as "outlook", "believe", "expect", "may", "anticipate", "should", "intend", "estimates" and similar expressions.

Forward-looking statements are provided for the purpose of presenting information about management's current expectations and plans relating to the future and readers are cautioned that such statements may not be appropriate for other purposes. Forward-looking statements involve significant risks and uncertainties and should not be read as guarantees of future performance or results. Those risks and uncertainties include, among other things, risks related to availability of cash for distributions, liquidity, credit risk, interest rate and other debt related risk, lease rollover risk, tax risk, ability to access capital markets, competition for real estate property investments, environmental matters, changes in legislation and indebtedness of the Trust.

Management believes that the expectations reflected in forward-looking statements are based upon reasonable assumptions and information currently available; however, management can give no assurance that actual results will be consistent with these forward-looking statements. Factors and assumptions that were applied in drawing conclusions and which could cause actual results, performance, or achievements to differ materially from those expressed or implied by forward-looking statements, include, but are not limited to, general economic conditions, competition for real estate property investments, the availability of new competitive supply of real estate, the Trust's ability to maintain occupancy, tenant defaults, changes in interest rates, changes in governmental regulations and taxation and the Trust's ability to obtain adequate insurance and financing. Readers are cautioned that the foregoing list of factors that may affect future results is not exhaustive. When relying on forward-looking statements to make decisions with respect to the Trust, investors and others should carefully consider the foregoing factors and other uncertainties and potential events.

These forward-looking statements are made as of May 30, 2018 and the Trust assumes no obligation to update or revise them to reflect new events or circumstances, except as required by law.

### 3. DESCRIPTION OF BUSINESS

The Trust is an unincorporated, open-ended investment trust formed pursuant to the Declaration of Trust dated August 27, 2014 under, and governed by, the laws of the Province of British Columbia and resident in Canada. The Trust's head office is located at 910 – 925 West Georgia Street, Vancouver, British Columbia, V6C 3L2.

The Trust was established, among other things, for the purpose of:

- a) acquiring REALnorth Opportunities Master Limited Partnership (the “Master LP”) units;
- b) temporarily holding cash and investments for the purposes of paying the expenses and liabilities of the Trust, paying amounts payable by the Trust in connection with the redemption of any Trust units and making distributions to Trust unitholders;
- c) investing its funds in property (other than real property or interests in real property or an immovable or a real right in an immovable);
- d) acquiring, holding, maintaining, improving, leasing or managing of real property (or interests in real property) or any immovable (or real right in immovable) that is capital property of the Trust; and
- e) in connection with the undertaking set out above, reinvesting income and gains of the Trust and taking other actions besides the mere protection and preservation of the Trust's property.

The Master LP is a limited partnership formed pursuant to and governed by the laws of the Province of British Columbia and created by the Master LP Agreement on July 31, 2014. The Master LP was established, among other things, to:

- a) issue Master LP units and acquire REALnorth Opportunities (Investments) Limited Partnership (the “Investments LP”) units and REALnorth Opportunities (Developments) Limited Partnership (the “Developments LP”) units; and
- b) temporarily hold cash and investments for the purposes of paying the expenses and liabilities of the Master LP and making distributions to the holders of the Master LP units.

The Investments LP was established on August 28, 2014 pursuant to the laws of the Province of British Columbia for the purposes of owning and operating a diversified portfolio of high quality, revenue-producing properties in northwestern Canada (or proportionate interests in such properties). The principal business of the Investments LP is to issue Investments LP units, to invest the proceeds from such issuance in the properties and to own and operate such properties.

The Developments LP was established on August 29, 2014 pursuant to the laws of the Province of British Columbia for the purposes of developing high quality real estate in northwestern Canada (or proportionate interests in such properties). The principal business of the Developments LP is to issue Developments LP units, to invest the proceeds from such issuance in the properties and to develop such properties.

On September 12, 2014, the Master LP issued 1,938 limited partnership units to the initial limited partners at \$930 per unit for \$1,802,340. The Master LP purchased 1,938 Investments LP units for \$1,802,340 on the same day.

On December 30, 2014, the Trust issued 10,623 trust units at \$1,000 per unit for gross proceeds of \$10,623,000, pursuant to the Trust's prospectus dated December 22, 2014 (the “Prospectus”), and incurred offering costs in the amount of \$849,840. That same day, the Trust purchased 10,623 Master LP units at \$1,000 per unit for \$10,623,000. On February 5, 2015, the Trust issued an additional 2,277 trust units at \$1,000 per unit for gross proceeds of \$2,277,000 and incurred offering costs in the amount of \$182,160. The Trust purchased an additional 2,277 Master LP units at \$1,000 per unit on the same day. Pursuant to a cost sharing and recovery agreement between the Trust and the Master LP, the Master LP assumed the costs and expenses in connection with the offering of the Trust units.

### 3. DESCRIPTION OF BUSINESS (CONTINUED)

During the year ended December 31, 2016, the Trust redeemed 100 limited partnership units of the Master LP for total redemption proceeds of \$100,000.

During the year ended December 31, 2017, the Trust redeemed limited partnership units of the Master LP as follows:

Redemption Date	Number of Units Redeemed	Total Redemption Price
January 25, 2017	15	\$ 15,000
February 9, 2017	60	60,000
May 4, 2017	27	27,000
October 3, 2017	4	4,000
November 16, 2017	4	4,000
	110	\$ 110,000

During the period ended March 31, 2018, the Trust redeemed limited partnership units of the Master LP as follows:

Redemption Date	Number of Units Redeemed	Total Redemption Price
March 13, 2018	3	\$ 3,000
March 15, 2018	25	25,000
March 28, 2018	25	25,000
	53	\$ 53,000

The Trust currently owns 12,637 units of the Master LP, representing an ownership interest of approximately 87%.

Since REALnorth Opportunities Inc. (the “Master GP”) is the general partner of the Master LP and owns an interest in the Master LP, the initial limited partners own 1,938 units of the Master LP, the general partner of the Investments LP owns an interest in the Investments LP and the general partner of the Developments LP owns an interest in the Developments LP, they represent the non-controlling interest of the Trust.

#### Direct property acquisitions

On September 12, 2014, the Master LP, through the Investments LP, completed the acquisition of 3851 22<sup>nd</sup> Avenue, Prince George, British Columbia (“22<sup>nd</sup> Avenue”), for a purchase price of \$6,200,000 plus standard closing costs and adjustments. 22<sup>nd</sup> Avenue is a single tenant, 39,494 square foot industrial facility with a site area of approximately 10.1 acres.

#### **4. SELECTED HISTORICAL INFORMATION (CONTINUED)**

##### **Direct property acquisitions (continued)**

The Trust, through the Investments LP, entered into a lease agreement with the tenant of 22<sup>nd</sup> Avenue. The lease is for seven years, expiring in 2021, and the tenant has the option to renew for two terms of three years each at prevailing market rates. The Trust can recover property tax, insurance and management fees from the tenant. The management fee is 2.0% of the basic rent according to the lease agreement.

##### **Acquisition of equity-accounted investments**

On May 7, 2015, the Trust, through the Developments LP, subscribed for 262,500 units of Western Canadian Properties Group VII Limited Partnership (“WCPG VII LP”) at \$1 per unit for a total of \$262,500, which resulted in the Trust, through the Developments LP, owning 88.9% of WCPG VII LP. On May 27, 2015, the Trust, through the Developments LP, subscribed for a further 3,737,500 units of WCPG VII LP at \$1 per unit for a total of \$3,737,500 and maintained its ownership interest at 88.9% of WCPG VII LP.

On May 29, 2015, WCPG VII LP acquired approximately 29 acres of residential property (“Garrison Landing”) in Fort St. John, British Columbia, for a purchase price of \$6,200,000 plus standard closing costs and adjustments. Garrison Landing is expected to be developed in multiple phases, and to generate, in aggregate, approximately 153 single family lots which will be offered for sale after servicing is complete. As at March 31, 2018, two phases comprising 55 subdivision lots were substantially complete and 19 of those lots had been sold.

On September 3, 2015, the Trust, through the Developments LP, subscribed for 10 Class B units of FSJ Industrial Properties Limited Partnership (“FSJ Industrial”) at \$1 per unit for a total of \$10. On September 9, 2015, the Trust, through the Developments LP, subscribed for a further 3,076,362 Class B units for a total of \$3,076,362, which resulted in the Trust, through the Developments LP, owning 87.5% of FSJ Industrial. On September 24, 2015, the Trust, through the Developments LP, subscribed for a further 65,625 Class B units for a total of \$65,625 and maintained its ownership interest at 87.5% of FSJ Industrial. On December 21, 2015, the Trust, through the Developments LP, subscribed for an additional 131,250 Class B units for a total of \$131,250 and maintained its ownership interest at 87.5% of FSJ Industrial.

On September 10, 2015, FSJ Industrial acquired approximately 17 acres of industrial property (the “BCR Lands”) in Fort St. John, British Columbia, for a purchase price of \$3,446,000 plus standard closing costs and adjustments. The BCR Lands comprise four lots which are accessible by rail and which may be sold in their current condition or further developed with either build-to-suit options or lay-down yards for industrial users depending upon market demands.

On October 20, 2015, the Trust, through the Developments LP, subscribed for 2,300,000 limited partnership units of FSJ Aurora Developments Limited Partnership (“FSJ Aurora LP”) at \$1 per unit for a total of \$2,300,000, thereby acquiring a 50% interest in FSJ Aurora LP. On October 23, 2015, FSJ Aurora LP completed the acquisition of approximately 144 acres of bare land (the “Aurora Lands”) for a purchase price of \$4,500,000 plus standard closing costs and adjustments. During the year ended December 31, 2016, the City of Fort St. John expanded its boundary, with the result that the Aurora Lands are now included within city boundaries. The Aurora Lands are currently in the Agricultural Land Reserve.

## 5. PERFORMANCE SUMMARY

As at March 31, 2018, the Trust's assets totaled \$17,118,542, decreasing from \$17,186,723 as at December 31, 2017 primarily due to a decrease in equity-accounted investments, offset in part by an increase in amounts due from related parties. Liabilities totaled \$4,469,659 as at March 31, 2018, increasing from \$4,441,201 as at December 31, 2017 due to an increase in accounts payable and accrued liabilities, offset in part by a decrease in the mortgage payable resulting from principal payments.

The Trust earned net rental income of \$117,204 for the period ended March 31, 2018, compared to \$117,741 for the period ended March 31, 2017. The Trust incurred a net loss of \$53,137 after finance expense, other expenses and its share of the loss of equity-accounted investments for the period ended March 31, 2018, compared to net loss of \$65,330 for the period ended March 31, 2017. The decrease in net loss is primarily due to decreased losses for the equity-accounted investments, higher interest income and a decrease in asset management fees.

During the period ended March 31, 2018, the Trust received three redemption requests which were effective as of the date of receipt, as follows:

Redemption Date	Number of Units Redeemed	Total Redemption Price
March 13, 2018	3	\$ 2,462
March 15, 2018	25	20,520
March 28, 2018	25	20,520
	53	\$ 43,502

During the period ended March 31, 2017, the Trust received two redemption requests which were effective as of the date of receipt, as follows:

Redemption Date	Number of Units Redeemed	Total Redemption Price
January 25, 2017	15	\$ 13,538
February 9, 2017	60	54,150
	75	\$ 67,688

As of March 31, 2018, consideration of \$43,502 was outstanding and included in accounts payable and accrued liabilities (December 31, 2017 – \$7,220) and there were 12,637 trust units outstanding (December 31, 2017 – 12,690 trust units).

## 6. RESULTS OF QUARTERLY OPERATIONS

The following summarizes the results of operations for the Trust for the three months ended March 31, 2018:

- Rental revenues totaling \$174,818 and operating expenses of \$57,614 resulted in net rental income of \$117,204 (three months ended March 31, 2017 – \$172,171; \$54,430 and \$117,741 respectively).
- The Trust earned \$30,575 in interest from bank deposits and loans (three months ended March 31, 2017 – \$28,190).
- The Trust recorded a decrease in the fair value of investment property of \$92 (three months ended March 31, 2017 – decrease of \$2,392).
- The Trust recorded a loss from its equity-accounted investments of \$111,006 (three months ended March 31, 2017 – loss of \$115,813).
- The Trust incurred a loss of \$46,230 attributable to the unitholders after finance and administrative expenses (three months ended March 31, 2017 – net loss attributable to unitholders of \$56,708). The expenses consisted of:
  - a) mortgage interest totaling \$43,669 (three months ended March 31, 2017 – \$44,801);
  - b) general and administrative expenses totaling \$14,387 (three months ended March 31, 2017 – \$14,392); and
  - c) asset management fees of \$31,762 (three months ended March 31, 2017 – \$33,863).

The following tables summarize the quarterly results for the past eight periods:

Quarter ended	March 31, 2018	December 31, 2017	September 30, 2017	June 30, 2017

## 6. RESULTS OF QUARTERLY OPERATIONS (CONTINUED)

Quarter ended	March 31, 2017	December 31, 2016	September 30, 2016	June 30, 2016
Total assets	\$ 17,509,136	\$ 17,917,627	\$ 18,048,129	\$ 18,116,764
Investment property	6,520,000	6,520,000	6,450,000	6,450,000
Equity-accounted investments	9,496,577	9,612,389	9,755,321	9,854,081
Total liabilities	4,549,965	4,825,438	4,497,937	4,497,937
Mortgage payable	4,333,302	4,360,165	4,387,115	4,413,407
Unitholders' equity	11,418,261	11,542,657	11,958,263	12,004,032
Rental income	172,171	171,575	171,541	172,189
Finance expense	(16,611)	(16,053)	(16,299)	(31,786)
Share of loss of equity-accounted investments	(115,813)	(142,932)	(98,760)	(67,196)
Loss attributable to the Trust unitholders	(56,708)	(111,862)	(45,769)	(92,473)
Loss per unit	(4.45)	(8.73)	(3.57)	(7.22)

During the period from January 1, 2018 to March 31, 2018, equity-accounted investments decreased due to losses incurred by all three of the Trust's equity-accounted investments. Total assets decreased primarily due to the decrease in equity-accounted investments, offset in part by an increase in amounts due from related parties resulting from interest earned on the WCPG VII LP loans (section 15). Total liabilities increased due to an increase in accounts payable and accrued liabilities, offset in part by a decrease in the mortgage payable resulting from principal payments. Unitholders' equity decreased due to Trust unit redemptions and the net loss incurred during the period.

The Trust's equity-accounted investments incurred a loss of \$111,006 during the three months ended March 31, 2018 compared to loss of \$115,813 during the three months ended March 31, 2017. The decrease in net loss is primarily due to mortgage loan costs for WCPG VII LP being fully amortized prior to January 1, 2018. The Trust incurred a loss attributable to the Trust unitholders of \$46,230 during the three months ended March 31, 2018 compared to a loss attributable to the Trust unitholders of \$56,708 during the three months ended March 31, 2017. The decrease in net loss is primarily due to decreased losses for the equity-accounted investments, higher interest income and a decrease in asset management fees.

## 7. MORTGAGE PAYABLE

The mortgage payable is recorded at amortized cost and bears an effective interest rate of 3.74% as at March 31, 2018 (December 31, 2017 – 3.75%). The mortgage payable is secured by charges on the Trust's investment property.

The amount of the mortgage payable on March 31, 2018 was \$4,223,152 (December 31, 2017 – \$4,251,115). Included in the mortgage payable were the related unamortized mortgage transaction costs of \$24,415 as at March 31, 2018 (December 31, 2017 – \$29,006), which are amortized over the term of the mortgage using the effective interest rate method.

## 7. MORTGAGE PAYABLE (CONTINUED)

Principal repayments, as of March 31, 2018, based on scheduled repayments to be made on the mortgage payable over the next three years to maturity are as follows:

2018	\$	97,316
2019		4,150,251
	\$	<b>4,247,567</b>

## 8. LIQUIDITY

The Trust has financed its acquisitions to date through the issuance of trust units and a mortgage payable on its investment property.

Each investment property acquired in the portfolio is purchased with the expectation that it will generate sufficient cash flows to finance its own operating costs. Each development property acquired in the portfolio is purchased with the expectation that it will generate a return in addition to what could be realized from underlying investment properties.

These statements have been prepared on a going concern basis, which assumes that the Trust will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future.

## 9. CAPITAL RESOURCES

The Trust's capital needs primarily relate to any required maintenance to the properties and servicing mortgage principal payments as they become due. It is management's opinion that the existing cash reserve and the operating cash flow from the property portfolio is sufficient to fund any future capital requirements. Management further expects that any maturing mortgages will be either refinanced or settled from the proceeds of the sale of all or part of the respective property.

## 10. CAPITAL MANAGEMENT

The Trust defines capital as the aggregate of unitholders' equity and the mortgage payable. The Trust's objectives in managing capital are to maintain a level of capital that complies with investment and debt restrictions pursuant to the Prospectus, complies with existing debt covenants, funds its business strategies and builds long-term unitholders' value. The Trust's capital structure is reviewed by the board of trustees of the Trust from time to time.

The Trust monitors on a quarterly basis the "loan-to-value ratio", which is defined as overall mortgage loans divided by the purchase price of the properties plus the amount of any property improvement reserve account approved by the lenders as a whole and which serves as an indicator of the Trust's financial leverage. The overall loan-to-value ratio is targeted at not more than 70%, as indicated in the Prospectus. However, if deemed appropriate by the Trust, having regard to all of the circumstances including the potential value of the properties identified for investment, the Trust may cause the overall loan-to-value ratio of the mortgage loans to exceed this threshold. The Trust's loan-to-value ratio was 68% as at March 31, 2018 (December 31, 2017 – 69%). The Trust was in compliance with all restrictions during the periods ended March 31, 2018 and March 31, 2017.

## 10. CAPITAL MANAGEMENT (CONTINUED)

The Trust's capital structure consisted of the following components at March 31, 2018 and December 31, 2017:

	March 31, 2018	December 31, 2017	Change
Capital			
Mortgage payable	\$ 4,223,152	\$ 4,251,115	\$ (27,963)
Unitholders' equity	11,135,679	11,225,411	(89,732)
Total capital	\$ 15,358,830	\$ 15,476,526	\$ (117,695)

During the three months ended March 31, 2018, the Trust's total capital decreased due to redeeming Trust units, incurring a net loss for the period and making principal payments on the mortgage payable.

## 11. CRITICAL ACCOUNTING ESTIMATES

The preparation of the Trust's consolidated financial statements in accordance with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Trust's significant accounting policies are described in note 3 to the audited consolidated financial statements for the year ended December 31, 2017 and unaudited condensed interim consolidated financial statements for the period ended March 31, 2018.

The policies that are most subject to estimation and judgement are outlined below.

### Valuation of investment properties

The fair value of investment property is determined by management, using recognized valuation techniques supported, in certain instances, by independent real estate valuation experts.

The determination of the fair value of investment properties requires the use of estimates such as future cash flows from assets (based on factors such as tenant profiles, future revenue streams and overall repair and condition of the property), capitalization rates and discount rates applicable to those assets. These estimates are based on market conditions existing at the reporting date.

Management reviews each appraisal obtained and ensures the assumptions used by the appraisers are reasonable and the final fair value amount reflects those assumptions used in the various approaches. Where an appraisal is not obtained at the reporting date, management uses similar valuation methods to evaluate each investment property and estimates the fair value.

Fair value measurements recognized in the consolidated statement of financial position are categorized in accordance with the following levels:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Quoted prices in active markets for similar assets or liabilities or valuation techniques where significant inputs are based on observable market data.
- Level 3: Valuation techniques for which any significant input is not based on observable market data.

Each type of fair value is categorized based on the lowest level input that is significant to the fair value measurement in its entirety.

## 11. CRITICAL ACCOUNTING ESTIMATES (CONTINUED)

### Valuation of investment properties (continued)

The fair value hierarchy of investment property measured at fair value on the consolidated statements of financial position was as follows:

	March 31, 2018			December 31, 2017		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Investment property	\$ –	\$ –	\$ 6,580,000	\$ –	\$ –	\$ 6,580,000

### Lease contracts

The Trust has indirectly entered into a property lease on its investment property. The Trust makes judgments in determining whether certain leases, particularly those leases with long contractual terms, are operating or finance leases. The Trust must assess each lease separately against land and building. The Trust has determined that its lease of the land and building of its investment property is an operating lease.

## 12. FINANCIAL INSTRUMENTS

Financial instrument assets include cash, amounts receivable and amounts due from related parties, which are classified and measured at amortized cost. Financial instrument liabilities include distributions payable, the mortgage payable and accounts payable and accrued liabilities, which are classified and measured at amortized cost. There are no financial instruments measured at fair value through profit and loss or fair value through other comprehensive income.

### Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following table presents the carrying amounts and fair values of the Trust's financial instruments:

Financial instruments	Fair value hierarchy	March 31, 2018		December 31, 2017	
		Carrying Amount	Fair Value	Carrying Amount	Fair Value
Cash	Level 2	\$ 246,370	\$ 246,370	\$ 258,682	\$ 258,682
Amounts receivable	Level 2	378	378	384	384

The valuation techniques and inputs for the Trust's financial instruments are as follows:

(i) *Mortgages payable*

The fair value of amounts due for the mortgage payable are determined by discounting the future contractual cash flow under current financing arrangements at discount rates which represent borrowing rates presently available to the Trust for loans with similar terms and maturity and are measured under level 2 of the fair value hierarchy since the discount rates are either provided by the lenders or are observable on the open market (section 11).

## 12. FINANCIAL INSTRUMENTS (CONTINUED)

### Fair value of financial instruments (continued)

#### (ii) Other financial assets and liabilities

The carrying values of financial assets and financial liabilities not measured at fair value, including cash, amounts receivable, due from related parties and accounts payable and accrued liabilities, approximate their fair values due to the immediate or short-term maturity of these financial instruments or because they are receivable or payable on demand.

## 13. RISKS AND UNCERTAINTIES

All income producing property investments are subject to a degree of risk and uncertainty. They are affected by various factors including general market conditions and local market circumstances. An example of general market conditions would be the availability of long-term financing, whereas local conditions would relate to factors affecting specific properties in a particular geographic location, such as changes in market lease rates as a result of an over-supply of space or a reduction in demand for real estate.

The board of trustees of the Trust has the overall responsibility for the establishment and oversight of the Trust's risk management framework. The Trust's risk management policies are established to identify and analyze the risks faced by the Trust, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and in response to the Trust's activities.

In the normal course of business, the Trust, through the Master LP, is exposed to a number of risks that can affect its operating performance. These risks, and the actions taken to manage them, include the following:

#### **Credit risk**

Credit risk is the risk of financial loss to the Trust if a tenant or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk arises principally from the Trust's receivables from tenants and related parties. The Trust's exposure to credit risk is influenced by the individual characteristics of each tenant. The Trust is currently facing higher credit risk since it has only one tenant.

The Trust's exposure to credit risk is also influenced by the individual characteristics of parties to whom it lends funds. The Trust currently faces increased credit risk related to loans made to WCPG VII LP. A third party loan in the principal amount of \$2,000,000 and secured by a mortgage against WCPG VII LP's residential property in Fort St. John, British Columbia was in default as at March 31, 2018. The lender had obtained a court order under which WCPG VII LP has until June 20, 2018 to redeem the mortgage, failing which the property could be repossessed. The Trust is mitigating the risk primarily by working with WCPG VII LP to seek refinancing for the loan and currently expects that WCPG VII LP will be able to obtain refinancing before any repossession occurs.

#### **Liquidity risk**

Liquidity risk is the risk that the Trust will not be able to meet its financial obligations as they fall due. Real estate property investments tend to be relatively illiquid, with the degree of liquidity generally fluctuating in relation to demand for and the perceived desirability of such investments. Such illiquidity may tend to limit the Trust's ability to vary its portfolio promptly in response to changing economic or investment conditions. If the Trust were required to liquidate a real estate property investment, the proceeds to the Trust might be significantly less than the aggregate carrying value of such property.

The Trust's approach to managing liquidity risk is to ensure that it will have sufficient cash available to meet its liabilities when due. The Trust intends to refinance any mortgages which mature within the next six months or settle the mortgages from the proceeds of the sale of all or part of the respective property.

### 13. RISKS AND UNCERTAINTIES (CONTINUED)

#### Liquidity risk (continued)

The following table provides the future non-discounted scheduled payments of financial liabilities, including estimated interest payments:

	2018	2019
Mortgage payable (principal and interest)	\$ 215,164	\$ 4,277,279
Accounts payable and accrued liabilities	246,508	–
	\$ 461,672	\$ 4,277,279

#### Currency risk

The Trust is not exposed to currency risk since it has no foreign subsidiaries and does not enter into foreign currency transactions.

#### Lease rollover risk

Lease rollover risk arises from the possibility that the Trust may experience difficulty renewing leases as they expire or in re-leasing space vacated by tenants upon lease expiry. The Trust currently has only one lease with a seven year term expiring in 2021 and its sole investment property is fully occupied.

#### Income tax risk

*Mutual Fund Trust* – If the Trust does not qualify or ceases to qualify as a “mutual fund trust” under the *Income Tax Act (Canada)* (the “Tax Act”), adverse consequences may arise including that: (i) the Trust may become liable to pay certain additional tax liabilities (with the result that the amount of cash available for distribution by the Trust would be reduced and Trust unitholders may otherwise be adversely affected), and (ii) the Trust units may not be or may cease to be qualified investments for RRSP or similar plans (with the result that a plan, its annuitant, beneficiary thereunder or its holder thereat will generally become subject to additional tax or penalties or may be otherwise adversely affected).

*SIFT Rules* – The Tax Act contains rules regarding the taxation of certain types of publicly listed or traded trusts and partnerships in a manner similar to corporations and which tax certain distributions from such trusts and partnerships as taxable dividends from a taxable Canadian corporation (the “SIFT Rules”). The exposure of the Trust to tax imposed by the SIFT Rules depends in part on whether or not the Trust units, Master LP units or units of any other subsidiary partnerships are listed or traded on a stock exchange or other public market. Where the Trust units, the Master LP units or units of any other subsidiary partnerships are listed or traded on a stock exchange or public market, adverse consequences could arise including that the non-deductible distributions amount or the taxable non-portfolio earnings could be taxable to the Trust, to the Master LP or such subsidiary partnerships, as the case may be (with the result that the amount of cash available for distribution by the Trust would be reduced), and such amount would also, depending on the circumstances, be included in the income of Trust unitholders for purposes of the Tax Act as taxable dividends.

*Changing Tax Laws* – There can be no assurance that income tax laws (or the judicial interpretation thereof or the administrative and assessing practices of Canada Revenue Agency) and/or the treatment of “mutual fund trusts” or SIFTS will not be changed in a manner which would adversely affect the Trust unitholders, including on a retroactive basis.

#### Interest rate risk

Interest rate risk arises from the possibility that the value of, or cash flows related to, a financial instrument will fluctuate as a result of changes in market interest rates. The Trust is exposed to interest rate risk from the interest rate differentials between the market rate and the rates used on these financial instruments.

### 13. RISKS AND UNCERTAINTIES (CONTINUED)

#### Interest rate risk (continued)

The Trust manages its financial instruments and interest rate risks based on its cash flow needs and with a view to minimizing interest expense. Whenever possible, the Trust tries to obtain fixed rate mortgages to mitigate its interest rate risk. The Trust's current mortgage payable bears interest at a nominal fixed rate of 3.72%; therefore, the Trust is not exposed to significant interest rate risk.

The interest rate profile of the Trust's interest-bearing financial instruments was:

	Face Value	
	March 31, 2018	December 31, 2017
<b>Fixed rate instruments</b>		
Fixed rate mortgage payable	\$ 4,247,567	\$ 4,280,121

#### Environmental risk

The Trust, through the Investments LP, the Developments LP and certain equity-accounted investments, is subject to various provincial and municipal laws relating to the environment. Prior to acquisition, the Trust conducts environmental inspections of its properties and appropriate testing by qualified environmental consultants when required to ensure compliance with all applicable environmental laws.

#### Redemption risk

The Trust unitholders are entitled to have their units redeemed at any time on demand. The aggregate redemption price payable by the Trust is subject to limitations. The Trust will not be required to pay the redemption price by way of a cash payment if the total amount payable by the Trust in any quarter will exceed \$100,000 or if the amount payable in any twelve month period ending at the end of that quarter will exceed 0.75% of the aggregate subscription price of all Trust units that were issued and outstanding at the start of such twelve month period.

During the three months ended March 31, 2018, the Trust redeemed 53 units for total consideration of \$43,502 (three months ended March 31, 2017 – 75 units for total consideration of \$67,688) (section 5). During the twelve month period ending March 31, 2018, the Trust redeemed 88 units for total consideration of \$75,090, which represented 0.59% of the aggregate subscription price of all Trust units that were issued and outstanding as at March 31, 2017 (twelve month period ended March 31, 2017 – 79 units redeemed for consideration of \$71,526, which represented 0.56% of the aggregate subscription price of all Trust units that were issued and outstanding as at March 31, 2016).

### 14. OFF-BALANCE SHEET TRANSACTIONS

The Trust has no off-balance sheet arrangements.

## **15. RELATED PARTY TRANSACTIONS**

### **Transactions with Pure Commercial Real Estate Advisors Inc.**

Pure Commercial Real Estate Advisors Inc. (“Pure Commercial”) is related to the Trust by virtue of having officers and directors/trustees in common. The Trust, through the Master LP, has entered into an asset management agreement with Pure Commercial, whereby Pure Commercial provides asset management, administrative and reporting services to the Trust. In consideration of these services, the Trust pays to Pure Commercial an annual asset management fee equal to 1.0% of net asset value plus any applicable taxes. Net asset value is equal to the greater of the total gross cash proceeds from all the Trust’s public offerings and the total purchase price of the properties including all fees, expenses and cash reserves, less outstanding mortgage debt. During the three months ended March 31, 2018, Pure Commercial charged the Trust asset management fees of \$31,762 (three months ended March 31, 2017 – \$33,863). As at March 31, 2018, asset management fees of \$65,121 (December 31, 2017 – \$33,360) were included in accounts payable and accrued liabilities.

The Trust, through the Investments LP, has entered into a property management agreement with Pure Commercial, whereby Pure Commercial provides property management services to 22<sup>nd</sup> Avenue and collects 2.0% of the basic annual rent as a property management fee. During the three months ended March 31, 2018, Pure Commercial charged the Trust property management fees of \$2,346 (three months ended March 31, 2017 – \$2,300). Property management fees of \$2,346 were included in accounts payable and accrued liabilities as at March 31, 2018 (December 31, 2017 – \$nil).

During the three months ended March 31, 2018, Pure Commercial advanced \$21,000 to WCPG VII LP on the Developments LP’s behalf. As of March 31, 2018, \$21,000 was owing to Pure Commercial and included in accounts payable and accrued liabilities (December 31, 2017 – \$nil).

### **Transactions with Sui Generis Investments Ltd.**

Sui Generis Investments Ltd. (“Sui Generis”) is related to the Trust by virtue of having officers in common. The Master LP has entered into an agreement whereby Sui Generis provides certain consulting and advisory services for a fee of \$15,000 per annum plus any applicable taxes, payable quarterly. During the three months ended March 31, 2018, Sui Generis charged the Master LP fees of \$3,938 (three months ended March 31, 2017 – \$3,938). As of March 31, 2018, \$15,750 was included in accounts payable and accrued liabilities (December 31, 2017 – \$11,813).

### **Transactions with In Re Capital Inc.**

In Re Capital Inc. (“In Re Capital”) is related to the Trust by virtue of having officers in common. On October 24, 2017, WCPG VII LP sold a lot at Garrison Landing to In Re Capital for a sale price of \$100,000 plus adjustments of \$191 in order to fund working capital requirements. The full amount of \$100,191 was received on the date of sale and used to reduce mortgage debt secured by Garrison Landing and to fund working capital requirements.

### **Transactions with the Master GP**

The Master GP is related to the Trust by virtue of having officers and directors/trustees in common. The Master GP held cash on behalf of the Master LP before the Master LP opened its bank account. During the year ended December 31, 2015, the Trust paid a \$148 expense on behalf of the Master GP and the Master GP received interest on funds held on the Master LP’s behalf in the amount of \$90. The Master LP received \$88 from the Master GP in April 2015. As at March 31, 2018, \$151 was outstanding and included in due from related parties (December 31, 2017 – \$151).

### **Transactions with WCPG VII LP**

WCPG VII LP is related to the Trust by virtue of the fact that the Trust, through the Developments LP, holds an 88.9% ownership interest in WCPG VII LP (section 4).

## **15. RELATED PARTY TRANSACTIONS (CONTINUED)**

### **Transactions with WCPG VII LP (continued)**

The Trust, through the Developments LP, has loaned funds to WCPG VII LP to fund working capital requirements. The loans bore interest at 10% per annum until July 1, 2016, at which time the rate increased to 15% per annum. The loans matured in June 2017 and are payable on a demand basis.

As at March 31, 2018, total loans and interest of \$656,502 were included in due from related parties and secured by a loan on Garrison Landing (December 31, 2017 – \$640,840); this amount includes \$15,000 advanced in August 2017. The loan is repayable from the proceeds from sales of subdivision lots at Garrison Landing, after repayment of mortgages ranking in priority to this mortgage. During the three months ended March 31, 2018, the Trust earned interest income of \$15,662 on the loan (three months ended March 31, 2017 – \$15,107).

During the period ended March 31, 2018, the Trust, through the Developments LP and Pure Commercial, advanced \$21,000 to fund working capital requirements (period ended March 31, 2017 – \$nil). During the same period, the Trust, through the Developments LP, paid invoices on WCPG VII LP's behalf totaling \$7,544 (period ended March 31, 2017 – \$nil). As at March 31, 2018, unsecured loans and interest of \$468,791 were included in due from related parties (December 31, 2017 – \$426,596). During the period ended March 31, 2018, the Trust earned interest income of \$13,875 on the loans (three months ended March 31, 2017 – \$11,244).

### **Trustee Compensation**

Each trustee of the Trust, other than Stephen Evans, is entitled to an annual fee of \$12,500. During the period ended March 31, 2018, the Trust paid accrued trustee fees of \$25,000 (period ended March 31, 2017 – \$nil). As at March 31, 2018, trustee fees of \$nil were included in accounts payable and accrued liabilities (December 31, 2017 – \$25,000).

### **Transactions with FSJ Aurora LP**

FSJ Aurora LP is related to the Trust by virtue of the fact that the Trust, through the Developments LP, holds a 50% interest in FSJ Aurora LP (section 4). The remaining 50% of FSJ Aurora LP is indirectly owned by officers and trustees or directors of the Trust and the Master GP. During prior years, the Trust, through the Developments LP, advanced funds to FSJ Aurora LP to cover working capital requirements. During the period ended March 31, 2018, the Trust, through the Developments LP, advanced \$2,759 to FSJ Aurora LP to cover working capital requirements and paid invoices totaling \$124 on FSJ Aurora LP's behalf (period ended March 31, 2017 – \$nil and \$122 respectively). The total amount receivable of \$35,124 is non-interest bearing, repayable on demand and was included in due from related parties as at March 31, 2018 (December 31, 2017 – \$32,241).

## **16. SEGMENTED INFORMATION**

The Trust operates in two business segments in a single geographic location, being the owner and operator of investment properties and the owner and developer of development properties in northwestern Canada. For each of the business segments, the Acting Chief Executive Officer reviews operations based on earnings from property operations and sales. As at March 31, 2018 and March 31, 2017, the Trust operated one investment property and had interests in one additional investment property and two development properties through its equity-accounted investments (section 4). Assets and liabilities are reviewed on a total basis by management and therefore are not included in the segmented disclosure below.

**16. SEGMENTED INFORMATION (CONTINUED)**

The following summarizes the results of operations for the Trust's segments for the three months ended March 31, 2018:

	<b>Development</b>	<b>Investment</b>	<b>Trust</b>	<b>Total</b>

Income (loss) and comprehensive income (loss)	(88,565)	69,277	(46,042)	(65,330)

The development segment's share of the loss of its equity-accounted investments was \$109,676 during the three months ended March 31, 2018 (three months ended March 31, 2017 – loss of \$114,136). The decrease in loss on equity-accounted investments is primarily due mortgage loan costs for WCPG VII LP being fully amortized prior to January 1, 2018, offset in part by an increase in loan interest for WCPG VII LP. After interest income and general and administrative expenses, the development segment incurred loss and comprehensive loss of \$81,258 for the three months ended March 31, 2018 (three months ended March 31, 2017 – loss and comprehensive loss of \$88,565).

## 16. SEGMENTED INFORMATION (CONTINUED)

During the three months ended March 31, 2018, the investment segment operated one investment property, producing rental revenues of \$174,818, operating expenses of \$57,614 and net rental income of \$117,204 (three months ended March 31, 2017 – \$172,171; \$54,430 and \$117,741 respectively). The investment segment’s share of the loss from its equity-accounted investment, FSJ Aurora LP, was \$1,330 for the three months ended March 31, 2018, decreasing from a loss of \$1,677 for the three months ended March 31, 2017 primarily due to a decrease in general and administrative expense. After interest income, mortgage interest, general and administrative expenses and the fair value adjustment to investment property, the investment segment earned income and comprehensive income of \$72,241 for the three months ended March 31, 2018 (three months ended March 31, 2017 – \$69,277).

During the three months ended March 31, 2018, the Trust segment earned interest income of \$153 and incurred general and administrative expenses of \$12,511 and asset management fees of \$31,762, resulting in a loss and comprehensive loss of \$44,120 (three months ended March 31, 2017 – \$132; \$12,311; \$33,863 and loss and comprehensive loss of \$46,042 respectively).

## 17. CURRENT AND FUTURE ACCOUNTING POLICY CHANGES

### IFRS 9 Financial Instruments

On July 24, 2014, the IASB issued the complete IFRS 9, *Financial Instruments* (“IFRS 9”), replacing IAS 39, *Financial Instruments: Recognition and Measurement* (“IAS 39”), and related interpretations. IFRS 9 introduces new requirements for the classification and measurement of financial assets. IFRS 9 is effective for annual periods beginning on or after January 1, 2018.

The Trust implemented the new requirements for classification and measurement, impairment and hedging on January 1, 2018, retrospectively with no restatement of comparative periods.

IFRS 9 sets out a new classification and measurement approach for financial assets that reflects the business model in which assets are managed and their cash flow characteristics. Financial assets are classified and measured based on three categories: amortized cost, fair value through other comprehensive income (“FVOCI”) and fair value through profit and loss (“FVTPL”). Financial liabilities are classified and measured based on two categories: amortized cost and FVTPL.

The following table summarizes the classification impact upon adoption of IFRS 9. The adoption of the new classification requirements under IFRS 9 did not result in changes in measurement or the carrying amount of financial assets and liabilities.

Financial Instrument	Classification under IAS 39	Classification under IFRS 9
Cash	Loans and receivables	Amortized cost
Amounts receivable	Loans and receivables	Amortized cost
Due from related parties	Loans and receivables	Amortized cost
Accounts payable and accrued liabilities	Other financial liabilities	Amortized cost
Distributions payable	Other financial liabilities	Amortized cost
Mortgage payable	Other financial liabilities	Amortized cost

Financial assets are not reclassified subsequent to their initial recognition unless the objective of the business model used to manage the financial assets changes. In such an event, the classification of financial assets would be reassessed. Financial liabilities are not reclassified.

Impairment of financial assets carried at amortized cost is assessed using the expected credit loss model. Expected credit losses for the next 12 months are used to assess impairment unless there is evidence that a financial asset has experienced a significant increase in credit risk since initial recognition, in which case lifetime expected credit losses are used. Lifetime expected credit losses are also used for trade receivables and contract assets without a significant financing component.

## 17. CURRENT AND FUTURE ACCOUNTING POLICY CHANGES (CONTINUED)

### IFRS 9 Financial Instruments (continued)

The Trust defines a significant increase in credit risk as an increase from low risk to medium or high risk or from medium risk to high risk. In assessing credit risk, the Trust considers historical and forecasted credit losses, external indicators of credit risk, actual or expected changes in operational results of the borrower and economic conditions that will impact the risk of default. The Trust considers a financial asset to be in default when a contractual payment is 90 days past due.

### IFRS 15 Revenue from Contracts with Customers

On May 28, 2014, the IASB issued IFRS 15 *Revenue from Contracts with Customers* (“IFRS 15”), replacing IAS 11 *Construction Contracts*, IAS 18 *Revenue*, IFRIC 13 *Customer Loyalty Programmes*, IFRIC 15 *Agreements for the Construction of Real Estate*, IFRIC 18 *Transfer of Assets from Customers* and SIC 31 *Revenue – Barter Transactions Involving Advertising Services*.

IFRS 15 contains a single model that applies to contracts with customers and two approaches to recognizing revenue: at a point in time or over time. The model features a contract-based five-step analysis of transactions to determine whether, how much and when revenue is recognized. IFRS 15 is effective for annual periods beginning on or after January 1, 2018. Rental revenue is outside the scope of IFRS 15.

The Trust adopted IFRS 15 on January 1, 2018 and applied the requirements of the standard retrospectively. The implementation of IFRS 15 did not have any impact on the Trust’s revenue.

### IFRS 16 Leases

On January 13, 2016, the IASB issued IFRS 16 *Leases* (“IFRS 16”). The new standard is effective for annual periods beginning on or after January 1, 2019. Earlier application is permitted for entities that apply IFRS 15 at or before the date of initial adoption of IFRS 16. IFRS 16 will replace IAS 17 *Leases* (“IAS 17”).

This standard introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognize a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments.

This standard substantially carries forward the lessor accounting requirements of IAS 17, while requiring enhanced disclosures to be provided by lessors.

Other areas of the lease accounting model have been impacted, including the definition of a lease. Transitional provisions have been provided.

The Trust intends to adopt IFRS 16 in its financial statements for the annual period beginning on January 1, 2019. The extent of the impact of adoption of the standard has not yet been determined; however, it is not expected to have a material impact on the Trust’s consolidated financial statements.

## 18. SUBSEQUENT EVENTS

On April 30, 2018, the Trust paid the outstanding redemption amount of \$43,502 related to the three redemption requests submitted in March 2018 totalling 53 Trust units (section 13).

On April 11, 2018; April 25, 2018; May 8, 2018; and May 25, 2018, the Trust received requests to redeem 30, 25, 10 and 200 Trust units respectively.
